The Hair Loss Clinic North Hall Road, Ugley 07957 166436 www.hairlosslaserclinic.co.uk

The Hair Loss Clinic is a company set up to provide information, advice, support and above all solutions for people experiencing hair loss. Not only do we provide realistic and workable solutions to those suffering from hair loss but we are also specialists in after and on-going care for hair loss, giving you the very best support. We can help you through your journey from hair loss through to aftercare if your hair grows back. We provide a personalised service and will recommend the course of treatment or other solutions most appropriate to you.

We provide information, support and advice about your hair loss and identify the factors you will need to consider when choosing which solution is suitable for you.

We provide guidance on cutting and styling of your wig or integration piece and advice on what to do when your hair starts growing back.

Monthly Trichologist clinics are held with Eva Proudman, MIT IAT. Eva is widely known both in the UK and Internationally for her work with hair loss. She has appeared on TV many times and supports many major hair companies with her research into hair loss. All consultations are private and last for between 45 minutes and 1 hour; during this time all relevant areas of health, diet, lifestyle, family history, hair care regime will be discussed along with an in depth examination, including the use of a specialist scalp camera to arrive at a diagnosis and treatment plan.

Whatever the cause of your hair loss or the extent of the hair loss, we are here to help you.

THE NEWS REPORT From The Editors

The weather is at last showing signs of improvement and things are looking to be perking up here in Elsenham.

On the inside pages you will find many activities that will put a spring in your step. Fancy a run? Then join the new running group starting in Henham (see pages 27 and 29). To really feel spring like, perhaps gardening will help you? In which case see pages 27 and 33.

If you prefer to tax your brain, how about a good quiz? See page 35.

As ever, we are grateful to our regular contributors - History Society, WI and Bowls Club to name just a few - who regularly offer events and activities for us all to enjoy.

While we at Elsenham News continue to bring you details of all the events and activities, we also continue reviewing our future options for presenting this information to all village residents.

As the village has grown, the cost of providing a printed magazine for all is fast becoming unaffordable. The revenue we can expect from advertising would not cover the additional copies required, Other contributions in the past have helped, but we would need to secure considerably more

money on a secure basis to meet the need.

Deliberations continue and we will keep you posted!

ELSENHAM PARISH COUNCIL FEBRUARY 2025

By Louise Johnson, Clerk. ⊠ louise.epc@gmail.com ☎ 07456 791727

A lot of research for the outdoor gym project had been going on since November 2023. One of the problems is finalising a position where the gym could be installed on the playing field, whilst not causing any extra noise on the surrounding residential houses and not obstructing any regular users of the playing field.

Many residents and organisations have been consulted, and the Playing Field Committee have taken on board all the issues raised. But this is EPC's land, and the outdoor gym must be installed somewhere. This project is a package of an outdoor gym, outdoor table tennis table and picnic benches. Grants are being applied for to cover all the costs.

A question was raised at the meeting asking why, when Uttlesford District Council are saying that they have kept all increases in their budget low, is the price for the green garden bin being increased by 50%, from £50 to £75? The question has been sent on to our District councillors.

The next project the Climate Change Committee would like to proceed with is changing the streetlights owned by EPC to LED lights. EPC own 14 streetlights mainly in Station Road, some are already LED which use significantly less energy than traditional street lighting options, reducing energy costs and carbon emissions.

The Parish Council is looking into part funding a PCSO with Stansted and Henham from 1 April 2025. So, it was very disappointing news that Essex Police are making all the PCSOs redundant. However, this is not a done deal, the government has just increased their payment to the police by an extra £100 million pounds. Hopefully, this may sway Essex Police to think again.

The potholes in Hall Road continue to be a potentially dangerous problem. Unfortunately, all the Parish Council can do is continue to report them to Highways and our County Councillor.

The Government's plan for devolution would not affect Parish Councils. The number of local authorities in Essex could be reduced from 15, to two or three and a new mayor for the county could be voted into office in 2026. But this is early days and there are a lot of issues still to be finalised.

The next Parish Council meeting is scheduled for Monday March 3 in the Memorial Hall at 7.45pm. The meeting is open to members of the public.

Development Developments

By Graham Mott 🕾 812516 🖂 motts@grahammott.plus.com

Back in June 2023, a planning application to erect five large houses on land to the south of The Old Vicarage in Hall Road was refused. A much revised application for five three-bedroom bungalows has now been approved by Uttlesford District Council. The applicant explained how the Grade 2 listed, eightbedroom house, with several outbuildings, deteriorated into its present sad state after an ill-advised letting to tenants who turned it into a cannabis farm, followed by wholesale vandalism when the farmers were evicted. The owner undertook to use the proceeds from the new bungalows to refurbish the property, at a cost estimated by specialists at over £300,000 (not including the swimming pool, because they lack expertise). It was argued, surely reasonably, that as the land is surrounded on three sides by a development of no fewer than 130 new homes, any impact from a modest five bungalows would be minimal. The village is much in need of bungalows for down-sizing purposes - developers keep their number to an absolute minimum because of their relatively large footprint.

The first two of the 130 houses surrounding The Old Vicarage are now occupied. The main point of entry for construction vehicles has been switched from the main access, north of The Old Vicarage, to what will eventually be the emergency access, near to Abbotsford Bridge. The developers have conveniently forgotten that the authorised route is by turning right out of the site towards Takeley, whereas a mud trail clearly shows that many vehicles are turning left in order to go through the village and then on through Stansted. Enforcement action has been sought regarding this blatant ignoring of the agreed commitment.

Uttlesford District Council's Local Plan continues its slow progress. The Plan has been submitted and two inspectors have been appointed. They have issued their 'Initial Comments and Questions to the Council', to the number of 14, which make for interesting reading (well, OK, interesting if you like that type of thing). They ask firstly for clarification as to exactly which documents are included. They are severe on the failure to identify strategic policies clearly:

We note that strategic policies are labelled as core policies in the Plan, but those core policies include a wide range of matters, many of which deal with detailed matters rather than being primarily concerned with setting out the overall strategy for the quantity and distribution of new development. We consider the Council should give further thought to the identification of strategic and non-strategic policies.

They also say that the Council should be clear as to whether the inspectors are being asked to recommend modifications; if not, the Plan will either be adopted or rejected. They refer also to various statements of common ground which are lacking, and whether a Statement of Community Involvement is included.

There are some radical questions here, suggestive of haste in submitting the Plan. There could be a tight finish between eventual adoption of the Plan and the merciful abolition of UDC itself.

ELSENHAM VILLAGE HISTORY SOCIETY

By Mike Rea, Secretary [™] 813634 ⊠ evhs12@hotmail.co.uk [™] www.elsenham-history.co.uk 1230 C

We have recently unearthed a short list of wells that used to be in the village. There are five listed all now out of use and made safe. They are:

- The Kennel's Gaunts End (formerly the Keepers house)
- Opposite Hale's, Gaunts End
- Elsenham Jam Company
- Messrs Gold Bros Ltd Nurseries, New Road

The fifth and most prominent of these of course is the pump house at the foot of Park Road originally built by Sir Walter Gilbey in 1896 as a memorial to his late wife. The original shaft was dug eighty three feet (25M) deep. At a later date it was bored considerably deeper by G Ingold who fabricated many pumps in the local area. No-one knows for sure just how deep the shaft goes but estimates range from 120 to 150 feet (36 - 54M). It served the Village until the late 1950s when the shaft showed signs of collapse and the pump was deemed too dangerous to use. The pump itself was removed and a concrete cap placed over the shaft. The only part of the pump still extant is its handle. It should be noted that mains water didn't arrive in the Village until 1938 when a supply was laid in from Henham. This supply served the High Street, Robin Hood Road and Station Road. Residents in Stansted Road had to wait a few years more for a main to be laid from Stansted.

Of note also was the fact that the dome of the pumphouse was covered in gold leaf. This was said to shine so brightly that it was apparently covered by a tarpaulin during the second World War to stop the German bombers using it as a navigational aid.

If you know any more about these wells or any others in the village (maybe there is one in your garden?), we would be delighted if you would get in touch with details so we can add some more pieces to the Elsenham jigsaw.

Our next meeting will be held on Wednesday 12th March at 8pm in the Memorial Hall and will include our AGM. The speaker for the evening will be our Chairman Ray Franklin who, in his own inimitable style will tell the story of St Mary's Church. Visitors are always welcome at our meetings for a very modest two pounds but even better, membership still costs just five pounds for a full years meetings. A bargain!

Cor, it's been a bit blowy lately! Whilst the wind makes a bit of a mess of our farm (don't even mention the mud!), our gorgeous animals are all snug and looking forward to having lots of visitors to come and make a fuss of them.

Our small animals are cosily tucked away and our pigs love snuffling away in the woodland area and being amongst the trees. There is a lovely walk round the woodland area which you can enjoy.

There really is so much for you to do at the farm including **riding on our train**, meeting the **new lambs** and **kid goats**, **holding chicks and ducklings**, enjoying **warm drinks and snacks**, **seasonal arts and crafts** and more!

We have all sorts of chickens, ducks, guineafowls, turkeys, and geese and don't forget, we often have chicken and sometimes duck eggs for you to buy.

Come down to our farm, blow those cobwebs away, and meet all our new additions who will be born over the coming months.

Check our Facebook page for news on our latest arrivals, opening hours and for any new events such as our **Hatch a Chick** scheme, which is now up and running again, along with other farm news updates.

We look forward to welcoming you to the farm.

We **always** need help in so many ways, particularly when there is **so** much to do. So if you have a little time to spare, **please** get in touch, we would **love** to hear from you. Please contact ' 07747 787973 or take a look at our website 8 <u>www.daisymaysfarm.org</u> to find out more. Thank you so much.

ELSENHAM WOMEN'S INSTITUTE

By Moyra Jackson 🕾 647351

Anyone else looking forward to better weather? It could be an age thing but this seems to have been a really long winter.

For our last meeting we welcomed Ray Franklin and Mike Rea from the Elsenham Village History Society who told us all about Elsenham, Village of a Thousand Years. The talk was enlightening and very amusing and the photographs were excellent. It was a great way to start our year.

Our Resolutions meeting went well with lively discussions taking place for each of the four resolutions. It was very well attended considering how poor the weather was that evening. The Resolution chosen by our assembled group was to improve the situation regarding recycling medical packaging. Our votes are included with those across Essex and then added to the national total for ratification at National Federation of Wis' Annual Meeting in June.

Our next meeting is on Thursday 20 March and it is local milliner Susan Widlake coming along to present her talk on 'Wherever I Lay My Hat'. Having heard Susan talk and attended one of her workshops, I know we are in for a real treat. The competition is a topical 'Your Favourite Headgear'.

Coming along to Elsenham WI is a really good way to make friends especially if you are new to Elsenham. The 'Jam and Jerusalem' traditions of our formation in 1921 have allowed us to grow and develop into the modern and forward-looking WI that we are today. We are happy to dispel any of the stereotypes associated with the WI – but our cakes <u>are</u> delicious! Why not come along (or come back) – visitors and new members are always welcome and you can join at anytime throughout the year.

Details of our programme, events and activities can be found on Facebook, Twitter and Instagram – search for Elsenham WI. Visitors are welcome to our monthly meetings so please come along. We meet at 7.45pm on the third Thursday in the month in the Memorial Hall. Elsenham WI – There's a lot going on!

Printer ink cartridges

A huge thank you to everybody who has been putting their used ink cartridges in the recycling boxes at Elsenham Station, Elsenham Post Office and Elsenham WI. In 2024, recycling the cartridges raised £60 towards the work that EAGLES are planning to do in the village. The box taken to WI meetings has also raised £17 for Elsenham Primary School. So, recycling printer ink cartridges in this way is well worth doing.

(Please remember that cartridges should not be going into landfill bins as, being plastic, they will just languish in the environment for the next 100+ years.)

REFILLit

A great way to reduce your consumption of single use plastics and help the planet and the oceans, is to bring your own containers to fill with food ingredients and cleaning products. A delivery service is also available. REFILLit have a range of rice, grains and pasta, herbs and spices, nuts and seeds, baking ingredients and dried fruit as well as cleaning liquids and powders, hand soap and shampoo.

REFILLit visits Elsenham Playing Field on Fridays from 12.30 - 3pm and Elsenham Farmers' Market on the last Saturday of the month 12.30-2.30pm. You can follow them on their Facebook page or website www.refillit.org.uk/ to find out where the REFILLit converted milk float will be.

Bat Walk

We will be holding another Bat Walk in the late spring. To be kept informed, please email us at the address above to be included on the EAGLES mailing list.

Thank you to The Crown for hosting us for the last two years and good luck to the Willets in their future endeavours. Thanks to our new hosts, the Bowls and Social club.

Single Fare Cap Scheme Ray Franklin (Parish Council Transport Representative).

The current £2 cap on single bus fares had been due to come to an end on 31 December 2024. From 1 January 2025 through to the end of December 2025, the new single fare cap is set at £3 to ensure people across the county can access affordable bus fares and better opportunities all over the country. This will particularly benefit passengers in rural communities and towns and will save passengers up to 80% on some routes.

The contracted services **both 7 &7A** benefit from the cap fare scheme.

DISTRICT COUNCILLORS' REPORT

Cllrdonald@uttlesford.gov.uk

⊠ <u>Cllrlees@uttlesford.gov.uk</u>

207941 880279207713 074656

The Local Government Constitutional Reform and Devolution proposed reforms are the greatest to affect Local Government for 50 years. Uttlesford was formed in 1974. The Government have agreed that Essex is on the "fast track list" for 2027/28.

Devolution consists of the Unitary Authorities – Southend, Thurrock and Essex County Council – no longer existing and a strategic Mayor will be elected.

Local Government reform involves all District Councils, including Thurrock and Southend to merge into Unitary Authorities. At the time of writing Essex Leaders have voted in principle for five Unitary Authorities. The Government guidelines has been 500,000 residents per authority, (Essex has a population of just over 1.8m). We believe that is too high a number, per authority and will be presenting to the Government strong robust evidence for five.

The Council agreed that the creation of new unitary authorities must be based on all (awaited) material evidence, including local synergies, and it reaffirms its core intent always to work to achieve the best outcomes for both the current and future Uttlesford residents and businesses of a new unitary authority.

As Essex County Council will not be disbanded for at least two (and possibly three) years, and as setting up a new Mayoral-led Strategic Authority would be entirely separate to the normal work of councillors, the May 2025 County election should go on as scheduled; to cancel it would deny Uttlesford residents their vote including increased representation from the increase in number of electoral divisions covering Uttlesford for Essex County Council (increased from four to five).

At the Cabinet meeting held on September 5 2024, members agreed to adopt a new approach to funding voluntary and community sector organisations by moving from one-year applications to a three-year outcome-focused commissioning process. This will ensure better stability and long-term planning. Organisations and projects will benefit from consistent funding.

If you are a properly constituted voluntary organisation or similar body in Uttlesford

you can apply for a Health and Wellbeing grant of up to £5,000 to fund pilot projects and services or for a one-off event.

Elsenham Church

Saint Mary's Church Elsenham is affectionately known as" The Little Norman Church on the Hill." It has a very long history being mentioned together with a water mill within the pages of "The Domesday Book" and is over 1,000 years old. Initially the site of an earlier Anglo Saxon Church, it has undergone many changes over the centuries. Indeed, work is being carried out today, toilets and rooms being built within its boundaries.

Top quality architectural works with the addition of a new north porch added in the 19th century can be found within the building. If you look around, you cannot help but notice the beautiful timbered roof and the fine internal carvings. Note the altar, it was constructed in 1908 and made of oak which was grown on the Elsenham Hall Estate. Although the pulpit is modern it still retains the original stem of 1626.

The Elsenham Village History Society has a list of nearly fifty vicars, going back to 1322. The Society is meeting on March 12 at 7.45pm at the Memorial Hall where there will be a talk on the history of the church. If you would like to know more and see photos illustrating the church and its contents wander down there, I know you will be made most welcome.

We will be holding our usual monthly surgery on Tuesday March 11, Orwell House, Station Road Elsenham at 18.30. We look forward to meeting residents without making any prior appointment. As ever, of course, we would be very happy to hear from any residents by email or phone should there be anything they think we can help with or answer any questions you may have on our report, or the District Council.

ST MARY'S CHURCH ELSENHAM Office@heuchurch.co.uk Thought For The Month by Louis Wilson

There was once an elderly Italian gentleman who loved to grow tomatoes in his back garden. But the garden was so rocky that he had to rely on his son Vincent to dig it for him.

And then one year, Vincent was put in prison and the old man wrote to him saying:

Dear Vincent, I'm feeling so sad. I can't grow tomatoes this year because, as you know, I'm too old to dig the garden by myself. I know that if you were here, you would love to do it for me. Signed your loving father.

A couple of days later, the old man got a letter back from his son which said:

Dear Dad,

Whatever you do, don't dig the garden! That's where I buried all the bodies. Lots of love, Vinnie.

Very early the next morning, there was a knock at the door and in came large numbers of FBI agents and police officers. They dug up every inch of that back garden. They dug and they dug, but they did not find a single body. Two days later, the old man got another letter from his son:

Dear Dad,

I'm sorry about that. But it was the best I could do in the circumstances. You ought to be able to plant those tomatoes now.

It was not an obvious way to get the garden dug. But it illustrates an important truth of the Christian life: God is in control. He knows what he's doing. But to us, it may not always look like it, and he doesn't always do things the way we would.

When I was first ordained, I worked at a church which I would probably not have chosen. I was set to serve elsewhere, but rather late in the day it fell through, which left me with limited options. Years later, I realised that had I gone to my chosen church, that would have set me on a very different course. I would never have spent ten years leading a small church in Sussex. While those years were not at all easy or straightforward. I dare to think they were the most extraordinary ten years of my life (to date). Yet if I'd had my choice, they would not have happened. In all the chaos, God had a plan. He always does.

With great thanks to Derek Ward and others, the building project at Henham Church is now finished. When it closed in September 2023, most of our Henham Sunday morning congregation joined with our 10.15 am congregation meeting in Elsenham Village Hall.

This has resulted in a vibrant and often very well-attended weekly service. But more than that, two separate congregations have become one. This was not something we envisaged at the outset, but God is in control and we trust that this service will continue to thrive, and also benefit from all that the reordered Henham Church building will offer. We'd love to invite you to come along and see for yourself. All the details are at <u>www.heuchurch.org</u>

The increased provision of comfortable seating was necessary for the first General Meeting to be held at St

Theresa's Centre when a record audience of 107 people gathered to hear a personal account of one of the RAF's most daring World War II missions: the raid on Amiens Prison, often referred to as "Operation Jericho".

The following Saturday the first Seminar of 2025 took place in the same venue.

Our next Saturday Seminar on 8th March is entitled "Rockets and Spaceflight". The speaker, Professor Tony White, is an Emeritus Professor of Systems Engineering, Middlesex University and is a member of the Stansted Mountfitchet u3a. The seminar will start with the history of rockets from their invention by the Chinese to the rocket pioneers in the 20th century. It will move on to the rise of amateur rocket groups in the 1930s to the massive expansion during WW2. It will cover post-war delivery systems, the moon shots and manned spaceflights along with a comprehensive explanation of rocket propulsion.

A wonderful collection of short stories has been published by the Stansted Mountfitchet u3a Creative Writing Group. Entitled "After the Twa Corbies and Other Stories" it contains a fascinating pot-pourri of styles and genres; from the surreal to the ridiculous. Loss, love, mystery, nostalgia and humour; it's all there. The limited edition of 100 copies was so popular that it sold out by Christmas 2024. However, the book will be available in the local library for those who were unable to purchase a copy.

Having negotiated any difficulties in producing their first book, the group, which meets monthly and has been running for five years, is intending to publish a second in time for Christmas 2025. With even more stories, it promises to be just as sought after. Will there be a third? That remains to be seen!

World Day of Prayer 7th March 2025 by Felicity Savage

World Day of Prayer is a global service held on the first Friday of March each year. Join with people from Henham, Elsenham and Ugley churches at 2.30pm on Friday March 7 in the Memorial Hall, Elsenham for an informal service followed by refreshments. Each year the service is prepared by Christian women from a different country. This year the women of the Cook Islands have prepared a service with the theme "I made you wonderful" based on Psalm 139. The Cook Islands are a group of 15 islands in the South Pacific Ocean, which have a Maori heritage and a deep association with nature. The service shows their life and culture, whilst being rooted as reflections and prayer based on "I praise you, for I am fearfully and wonderfully made" (Psalm 139: 14).

Everyone is welcome to the informal service followed by refreshments.

STANSTED HALL & ELSENHAM CRICKET CLUB

By David Brown 🕾 831011 🖂 david1.r.brown@gmail.com

All is not well with English cricket. Results during the winter months for our international teams have been really disappointing both men and women. With a test series against India this coming summer and an 'Ashes' series in November and December let's hope things improve.

We will not get downcast however, village cricket is alive and well. Our club had a very successful quiz, which was won by Gina Thomas and Philippa Fidell with a little help from others! Senior indoor nets have begun at HECC and juniors will begin late February. 'All Stars' cricket will start in May for the 5 to 8 year age group, but if interested you must register with the ECB. We are hoping to raise funds to purchase mowing equipment and mobile nets as these are urgently required. We continue to welcome new members of all ages, please contact me as above.

Henham 10k run is coming - Sunday June 22

The run helps raise much needed funds for Henham village school. It is a great village event in mid-summer, come and join the fun. This will be followed by a bar-b-q, stalls, fun and games in the school grounds. We need:- runners, marshalls, cake bakers and supporters.

THE AUBREY BUXTON NATURE RESERVE

By John Welham, Warden ⊠ communications@essexwt.org uk

By the end of February we will have finished any coppicing activity so that going into spring we don't disturb wildlife, particularly nesting birds, with noisy chain saws. The finished coppices may look like an area of destruction so it is worth explaining what is happening and why.

Multi stemmed hazel trees have been coppiced for hundreds of years to provide fire wood and building material. The straight and flexible stems that grow after coppicing were a valuable resource used for a variety of purposes. Where it grows, most villages would have had a managed hazel wood. Today our stems go to the Audley End estate for fencing and to gardeners for bean poles, whilst some of the thicker stems go to Morris dancers!

Coppicing cuts the hazel back almost to ground level leaving a "stool". The new growth from the stool creates a multi stem shrub rather than a single stem tree, creating a particular habitat that we want to maintain. Immediately after coppicing an area and for two or three years after until the hazels have regrown to a height,

the floor of the wood is opened up to daylight giving a chance for other plants to flourish. So by coppicing areas in rotation over the years we ensure that this cycle of growth and plant variety continues.

At Aubrey Buxton we cover the coppiced stools with interwoven branches to stop rabbits and deer eating the new hazel shoots as they appear. The remaining cut material is laid as a dead hedge which is excellent cover for small mammals and nesting sites for birds such as wrens, The photo shows how this looks until the new shoots appear. Stools that were coppiced last year already have new growth up to four feet high!

Monday evening running club

Monday evening group runs will recommence on Monday 31st March. Runs will start at 18.30 from outside The Cock in Henham. The starting distance will be 5k building up to 10k in time for the Henham 10k on June 22.

All welcome, children must be accompanied by a responsible adult who can keep up! Dogs welcome if kept under control. The runs are mainly off road, signed by yellow fish. The route changes every 2 weeks.

THE HUNDRED PARISHES SOCIETY

www.hundredparishes.org.uk

One of the main crops of the rich agricultural area covered by The Hundred Parishes is barley, the main ingredient of traditional ales and beer. In the past, much of the barley was

Brewing was initially a domestic activity in the home for family consumption, on farms and estates for the landowner's family and workers, and in various institutions such as religious communities for those who lived in and visited them. As the demand for beer grew (safer to drink than 'fresh' water at the time) so did the brewing industry. Public houses had their own brewhouses, commercial brewers worked out of stand-alone breweries, and, later, industrial scale brewery complexes developed.

Evidence of all these different types of breweries is to be found within the Hundred Parishes in the form of place names such as "Brewery Lane" in Stansted, "Brewery House" in Little Hadham, "Little Brewers", a cottage in Matching Green, "Brewery Cottage" in Sewards End and "Brewers House" in Dunmow.

There are also surviving examples of the breweries from each of the various phases of the development of the industry.

At Audley End House, the estate's brewhouse survives, although the internal features have been lost. An example of a public house brewery survives as The Old Brewery in Radwinter, which is now a private house. In Hatfield Heath, the former stand-alone brewhouse was converted to a corn mill before becoming commercial offices.

Three examples of brewhouses which were a part of industrial brewery complexes survive in Furneux Pelham, Wethersfield, and Felsted.

The Hundred Parishes is 450 square miles of northwest Essex, northeast Hertfordshire and southern Cambridgeshire that is largely unspoilt and is richly endowed with many fine examples of agricultural and built heritage The area has shared a common history which shaped and preserved its distinctive landscape of small and medium-sized farms linked by winding lanes and ancient rights of way to hamlets, villages and then to small market towns. For more information visit www.hundredparishes.org.uk.

HENHAM & DISTRICT GARDEN SOCIETY

By Moyra Jackson

For those of you who enjoy your garden, why not come along once a month to our Garden Club? Whether you are an expert who has gardened for years or a beginner with your first garden, you will find something to interest you.

This Club has been running for almost 50 years, originally meeting in Henham. For over 10 years we have met at Elsenham Memorial Hall.

We have an annual 'Question Time' styled meeting on Saturday, March 22 2pm-4pm. Our members collectively have a wealth of experience gardening in this area and are delighted to share their knowledge.

Annual subscription is £20 with an extra charge of £30 to cover transport and admission for outings.

Visitors are welcome to all our meetings and we do occasionally have extra spaces for the outings that non-members can come along to.

So, what is planned for 2025?:

March 4 Outing - Chippenham Hall

April 1 Spring Show

May 6 The Secret Life of a Wood-Roger Hance

June 3 Cornish Treasures, Eden to Heligan - Robin Carsberge

July 1 Outing - Capel Manor

Sep 2 Wild Scotland: The Highlands and Islands - Liz Huxley

Oct 7 Outing - RHS Hyde Hall

Nov 4 AGM

(No meetings – August and December)

If you would like more information, contact details for the club are at the back of the magazine.

ELSENHAM TENNIS CLUB By Petra Studholme 1814667

Our new season will start in April 2025 with subscriptions unchanged. Various packages are available to suit everyone, go onto our website to find out more or email us <u>mail@elsenhamtennisclub.co.uk</u>. And you can always try before you subscribe. Book a lesson with Steve, come to cardio or if you feel up for it, contact us to attend a club night.

We have two all weather courts, floodlights so you can play before or after work. We are situated right in the heart of the village, on the playing fields. You will get your own key to access the courts, can book online at your convenience and participate in our club events such as club nights, weekend or morning play sessions.

Essex Small Club League

During our opening match of the winter league, we faced Standon and Puckaridge away which was played on artificial grass which we are not used to and unfortunately we found it very hard to adjust to this. The team consisted of captain Henry, Gavin, Lewis and Paul, everyone put in 100% effort but unfortunately in the end we came short. The final score ending 12-4 to the opposition. Our next match was Harlow away which is never an easy task. The team consisted of myself, Gavin, Jon and Stuart. We all battled hard, but in the end the better team won. Plenty of matches left to enjoy though going into spring.

Coaching - individual and group sessions

We have individual and group coaching sessions, cardio run by our dedicated and experienced coach Steve Smith. Get in touch with him via email: stevesmith865@hotmail.com or call/text 07790 561 817. Please note that Cardio is open to non-members. Cardio is a great way to get or stay fit. Our coach's choice of music is sometimes questionable, but everyone is definitely having fun and is getting a great workout.

Hire our courts - open to non-members

Hire our courts to play with friends and family - \pounds 3 per adult, and 50p for under 18s. You can email us for availability, but please, if possible, give us 24hrs notice as we need to arrange to open the courts.

"Vincent is the beautiful bartender at the exclusive Hotel Caiette. When New York financier Jonathan Alkaitis walks into the hotel and hands her his card, it is the beginning of their life together.

That same night, a hooded figure scrawls a note on the windowed wall of the hotel: 'Why don't you swallow broken glass.' Leon Prevant, a shipping executive, sees the note from the hotel bar and is shaken to his core.

When Alkaitis's investment fund is revealed to be a Ponzi scheme, Leon loses his retirement savings in the fallout, but Vincent seemingly walks away unscathed. Until, a decade later, she disappears from the deck of one of Leon's ships." So says the blurb on the back of the book.

A beguiling tale about skewed morals, reckless lives and necessary means of escape. *The Economist*

This was the choice of the book group this month.

The Amazon AI summarises: Customers find the book a joy to read with an interesting plot and clever intertwining of storylines. They praise the writing quality as sublime, beautifully written, and subtly done. The characters are complex and well-drawn, with their respective emotions. Many describe the book as beautiful and dreamy. However, some feel the pacing is not brilliant and underwhelming. There are mixed opinions on the structure, with some finding it clever and well-managed, while others think it's dull and underwhelming.

That summarises our thoughts. The book was generally well–liked due to the word craft. We didn't find many of the characters likeable but did enjoy the way they connected together and how the story unfolded. Some of the plot mechanisms seemed a little contrived so some aspects were disappointing.

New York financier Jonathan Alkaitis is the owner of the book's hotel, on the 'wilderness-adjacent' northernmost tip of Vancouver Island, accessible only by boat. Mixing cocktails in the hotel bar is Vincent. Her best friend drives the hotel boat; her brother, Paul – aspiring composer and recovering addict – sweeps the floors. Alkaitis offers her the chance to be his live-in partner and companion in exchange for "the freedom to stop thinking about money."

However, plummeting stock prices and collapsing banks is near. As the scheme collapses, Alkaitis will die in prison but one by one, we learn of the fate of the characters; his family, his employees and most importantly, his investors, robbed of their life savings and thrust into destitution. Alkatis begins to be haunted by those he affected and his existence becomes dreamlike.

Meeting friends and having a catch up is such a lovely way to spend time, and did you know that you can do exactly this at our monthly Farmers Market? We have the most fabulous barista coffee, thirst-quenching, home-produced apple juice, and cold pressed homemade juice shots. Anything you buy from our lovely sellers you can enjoy seated inside or outside. You could perhaps treat yourself to some incredible cakes, wonderful savouries such as quiches, sausage rolls, scotch eggs, cheese toasties, or perhaps purchase some moreish sourdough bread and English cheeses to enjoy at home – we have it all covered!

The Markets are at Elsenham Village Hall (next to the school) from **12.30-2.30pm** as follows:

29 th MARCH	30 th AUGUST
26 th APRIL	27 th SEPTEMBER
31 st MAY	25 th OCTOBER
28 th JUNE	29 th NOVEMBER
26 th JULY	

We have around 12-14 different sellers on a regular basis. They are all local small businesses and any profit from market pitch fees is donated to charity; so, you can shop with a conscience too.

You can find almost everything there to treat yourself to an amazing meal and it's only once a month, so go on, you know you want to, and you definitely deserve it. We look forward to seeing you.

No charge for entry; just enjoy and immerse yourself in all the gorgeous produce.

Best wishes, Elsenham Farmers Market Team

COOKERY CORNER

By Sue Johnson 🕾 812704

A lovely lemony light mousse dessert, topped with crunchy oats and hazelnuts. Can be served in a large glass bowl or individual glasses, if preferred.

LEMON AND BLUEBERRY MOUSSE WITH A CRUNCHY OAT AND HAZELNUT TOPPING (serves 6-8)

Topping: 1oz (25g) butter 2 tablespoons honey 4oz (100g) jumbo oats 2oz (50g) demerara sugar 2oz (50g) hazelnuts, roughly chopped $1\frac{1}{2}$ oz (40g) plain flour

Mousse: 8oz (200g) full-fat crème fraiche 8oz (200g) Greek Yoghurt 3 tablespoons lemon curd Juice 1/2 a lemon 8oz (200g) fresh blueberries

To make the topping, heat the oven to 180°C/fan 160°C/gas 4. Line a baking tray with baking paper.

Melt the butter and honey in a saucepan. Mix in all the other topping ingredients and spread the mixture out on the baking sheet. Bake for 15-20 minutes, turning halfway through cooking time, until golden brown. Remove from oven and leave to cool completely on the tray. Break up into bite size pieces.

Mix the crème fraiche, yoghurt, lemon curd and lemon juice together in a bowl for the mousse.

To serve, divide the blueberries between 6-8 glasses, if using. Simply, top with the mousse and sprinkle over the topping pieces.

CHEF'S RECOMMENDATIONS:

This topping keeps well and can be made up to three days ahead. If you have any left over, it is delicious eaten for breakfast sprinkled over yoghourt. The mousse can be made up to six hours ahead and kept in the fridge.

Editorial Information

Articles

The **last day** for editors to receive articles, advertising and letters, which must contain the author's name and address (which may be withheld), is the 8^{th} of each month.

Articles should ideally consist of a half page of A5 or a full page of A5. Articles over these sizes or letters containing more than 500 words may be edited depending on space.
